Dear Sir:

Prior to initial review, please amend the above-identified reissue application as follows:

IN THE CLAIMS

Please add the following new claims.

✓ 10. A method of transmitting an RF signal between a base station and at least one remote unit, the method comprising:

generating a digitized representation of the RF signal at the base station, wherein the RF signal is a combined analog signal representing a plurality of outbound wireless transmissions for a set of channels; and

transmitting the digitized representation to the remote unit.

11. The method of claim 10, wherein transmitting the digitized representation to a remote unit comprises transmitting the digitized representation to a remote antenna unit.
